Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Having received a restriction requirement mailed on June 26, 2007, Ms. Perrin called for an interview to make the examiner aware of claims in the 371P documentation in PAIR, which the applicant wished examined on the merits. These 26 claims, and not the 45 claims subject to restriction, should be examined. To prevent the application from abandonment at the end of the statutory period for response to the restriction requirement, the examiner suggested that an election be made with traverse, and the claims resubmitted as amended claims when the election is filed .
